

Noteworthy News

 When using "show details" on the participant list screen, all high risk participants will have a have a yellow border

- If you use pending proof at time of certification, at the next certification, you will have to call the helpdesk to print more than a month of benefits.
- The one year food package will no longer autopopulate. It has to be created 'by hand.'
 - To get the same food package that used to autopopulate, enter in the infant's one year birthday on the food package screen and click 'use default.'
 - You can do this at the time of certification and it's a smart idea to do it then.

Mid-Certification Assessment

General Information

Who needs a mid-cert?

- All Children
- All Infants
- All Breastfeeding Women
- The mid-cert needs to happen between months 5-7 for children and BF women
- Infants at 6 months of age
 - DO MOM AND BABY TOGETHER!!

Mid-Certification Alerts

Mid-Certification

Certification

Mid-Certification

- Requirements
 - Demographics Just address and income
 - Height/Weight/Blood
 - Only blood for children if low at certification
 - Nutrition Assessment Questions
 - SOAP Note
 - OCPA must complete!!
 - Everything else....as needed (read: not a requirement)

Works exactly the same!

Check means done (just like before)!

Blood work

- This is NOT a required field, although M-SPIRIT thinks it is
 - Can't turn off
- Work around
 - Select "CPA determined blood work skip; normal hemoglobin" from the dropdown of why blood work wasn't completed.

Nutrition Assessment

Nutrition Assessment

- The questions have not changed
 - See July 8 newsletter for the questions for breastfeeding women and infants

Just a different way to access them

 Access Nutrition Assessment through the MCA (midcert guided script) and not the tab

SOAP Note

A CPA must complete the SOAP note!!

This is where you document nutrition education

Works just like before

Done! Press Stop.

Benefits of the MCA

- No more clicking in and out of tabs convenient
- Only need to complete
 - Address and income check
 - Height/Weight/Blood
 - Nutrition Assessment (abbreviated)
 - SOAP Note
